Re: Notice of File Closure for Small Mining Activities, Northern Stone Supply, Red Hill #1 Project, S/001/028, Beaver County, Utah

Dear Mr. Mullard:

This letter is to notify you that the Division file, S/001/028, for the Red Hill #1 small mining project, located in Beaver County, Utah, will now be closed.

In a telephone conversation with the Bureau of Land Management, we have been advised that they have inspected the Red Hill #1 site and find the reclamation satisfactory. The BLM recommends file closure. As your project is located on BLM managed lands, the Division will accept the BLM's recommendation and also close our file for this exploration project accordingly.

You are hereby released by the Division from further mining or reclamation responsibilities at this site. You are not required to pay the \$100.00 permit fee as recently requested. If you wish to conduct any future mining related activity in this area, you will need to submit a new notice to the appropriate agency(s), pay the Division permit fee, and receive written approval(s), prior to creating any disturbance.

If you have any questions or concerns regarding this action, please contact me at (801) 538-5321. Thank you for your time and consideration in completing the required reclamation on this project.

Sincerely,

Tom Munson
Senior Reclamation Specialist
